

STUDENT RECORDS

The Board of Trustees recognizes the legal requirement to maintain the confidentiality of student records. As part of this responsibility, the Board will ensure that eligible students and parents/guardians have the right to inspect and review education records, the right to seek to amend education records and the right to have some control over the disclosure of information from the education record. The procedures for ensuring these rights will be consistent with state and federal statutes, including the Family Educational Rights and Privacy Act of 1974 (FERPA) and its implementing regulation

The Board also recognizes its responsibility to ensure the orderly retention and disposition of the district's student records in accordance with Schedule ED-1 as adopted by the Board in policy 1120.

The District will use reasonable methods to provide access to student educational records only to those authorized under the law and to authenticate the identity of the requestor. The district will document requests for and release of records, and retain the documentation in accordance with law. Furthermore, pursuant to Chapter 56 of the Laws of 2014, the district will execute agreements with third-party contractors who collect, process, store, organize, manage, or analyze student personally identifiable information (PII) to ensure that the contractors comply with the law in using appropriate means to safeguard the data.

The Superintendent of Schools shall be responsible for ensuring that all requirements under law and the Commissioner's regulations are carried out by the district.

Definitions

Authorized Representative: an authorized representative is any individual or entity designated by a State or Local educational authority or a Federal agency headed by the Secretary, the Comptroller General or the Attorney General to carry out audits, evaluations, or enforcement of compliance activities relating to educational programs.

Education Record: means those records, in any format, directly related to the student and maintained by the district or by a party acting on behalf of the district, except:

- (a) records in the sole possession of the individual who made it and not accessible or revealed to any other person except a substitute (e.g. memory joggers);
- (b) records of the district's law enforcement unit;
- (c) grades on peer-graded papers before they are collected and recorded by a teacher.

Eligible student: a student who has reached the age of 18 or is attending postsecondary school.

Legitimate educational interest: a school official has a legitimate educational interest if they need to review a student's record in order to fulfill their professional responsibilities.

Personally identifiable information (PII): as it pertains to students, is information that would allow a reasonable person in the school or its community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty. Such data might include social security number, student identification number, parents' name and/or address, a biometric record, etc. This term is fully defined in federal regulations at 34 CFR 99.3.

School official: a person who has a legitimate education interest in a student record who is employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a member of the Board of

Trustees; a person or company with whom the district has contracted to perform a special task (such as attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as disciplinary or grievance committee, or assisting another school official performing their tasks.

The district prohibits volunteers from accessing student information. The district expects that if volunteers discover any information about students in the course of their volunteer duties, they will not re-disclose such information to anyone other than a school official with a legitimate educational interest.

The district could prohibit volunteers from accessing student information. The district expects that if volunteers discover any information about students in the course of their volunteer duties, they shall not re-disclose such information to anyone other than a school official with a legitimate educational interest.

Third party contractor: is any person or entity, other than an educational agency (which includes schools, school districts, BOCES, or the State Education Department), that receives student teacher/principal PII data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to such educational agency, including but not limited to data management or storage services, conducting studies for or on behalf of such educational agency, or audit or evaluation of publicly funded programs. This includes educational partnership organizations that receive student or teacher/principal PII from a school district to carry out responsibilities under Education Law §211-e (for persistently lowest-achieving schools or schools under registration review) and is not an educational agency. This also includes not-for-profit corporations or other nonprofit organizations, other than an educational agency.

Annual Notification

At the beginning of each school year, the district will publish a notification that informs parents, guardians and students currently in attendance of their rights under FERPA and New York State Law and the procedures for exercising those rights. A 'Parents' Bill of Rights for Data Privacy and Security' will be posted on the district website and included in any agreements with third-party contractors.(see 8635-E). This notice and 'Bill of Rights' may be published in a newspaper, handbook or other school bulletin or publication. This notice and 'Bill of Rights' will also be provided to parents, guardians, and eligible students who enroll during the school year.

The and Parents' Bill of Rights must include a statement that the parent/guardian or eligible student has a right to:

1. inspect and review the student's education records;
2. request that records be amended to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy rights;
3. consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent; and
4. file a complaint with the Department of Education alleging failure of the district to comply with FERPA and its regulations; and/or file a complaint regarding a possible data breach by a third party contractor with the district and/or the New York State Education Department's Chief Privacy Officer for failure to comply with state law.

In addition, the annual notice Parents' Bill of Rights will inform parents/guardians and students:

1. that it is the districts policy to disclose personally identifiable information from student records, without consent, to other school officials within the district whom the district has determined to have legitimate educational interests. For purposes of this policy, a school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel; a member of the Board of Education; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official performing his or her tasks. A school official has a legitimate educational interest if the official needs to review a student record in order to fulfill her or her professional responsibilities.
2. that, upon request, the district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.
3. of the procedure for exercising the right to inspect, review and request amendment of student records.
4. That the district, at its discretion, releases directory information (see definition below) without prior consent, unless the parent/guardian or eligible student has exercised their right to prohibit release of the information without prior written consent. The district will not sell directory information.
5. That, upon request, the district will disclose a high school student's name, address, and telephone number to military recruiters and institutions of higher learning unless the parent or secondary school student exercises their right to prohibit release of the information without prior written consent.
6. Of the procedure for exercising the right to inspect, review and request amendment of student records.
7. That the district will provide information as a supplement to the 'Parents' Bill of Rights' about third parties with which the district contracts that use or have access to personally identifiable student data.

The district may also release student education records, or the personally identifiable information contained within, without consent, where permitted under federal law and regulation. For a complete list of exceptions to FERPA's prior consent requirements see accompanying regulation 5500-R, Section 5.

The district will effectively notify parents, guardians and students who have a primary or home language other than English.

In the absence of the parent or secondary school student exercising their right to opt out of the release of information to the military, the district is required to, under federal law, release the information indicated in number 5 above.

Directory Information

The district has the option under FERPA of designating certain categories of student information as "directory information." The Board directs that "directory information" include a student's:

- Name
- ID number, user ID, or other unique personal identifier used by a student for purpose of accessing or communicating in electronic systems (only if the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the student's identity),

- Address (except information about a homeless student’s living situation, as described below)
- Telephone number
- Date and place of birth
- Major course of study
- Participation in school activities or sports
- Weight and height if a member of an athletic team
- Dates of attendance
- Degrees and awards received
- Most recent school attended
- Grade level
- Photograph
- E-mail address
- Enrollment status

Under federal and state law and regulation regarding homeless students, “information about a homeless student’s living situation” must be treated as an education record and not directory information. Such information would include a student’s address, but could also include other information that would disclose a student’s eligibility for services under McKinney-Vento. However, parents/guardians (and eligible students) could still consent to disclosure in the same way as for other education records under FERPA, but could not be compelled to do so. If further guidance or clarification is received, this policy may be amended.

In the meantime, districts should take reasonable steps to provide homeless students with beneficial information they otherwise would have received via directory information. The underlined text below, utilizing the McKinney-Vento liaison is one method. This would be consistent with the liaison’s responsibilities to provide information about educational and related services to homeless students. The district could also allow the parent/guardian to select the school address as the student’s address for purposes of directory information, and act as a pass-through.

Information about homeless student’s living situation will be treated as a student educational record, and will not be deemed directory information. A parent/guardian or eligible student may elect, but cannot be compelled, to consent to release of a student’s address information in the same way they would for other student education records. The district’s McKinney-Vento liaison will take reasonable measures to provide homeless students with information on educational, employment, or other postsecondary opportunities and other beneficial activities.

Social security numbers or other personally identifiable information will not be considered directory information.

Students who opt out of having directory information shared are still required to disclose their student ID cards.

Once the proper FERPA notification is given by the district, a parent/guardian or eligible student will have 14 days to notify the district of any objections they have to any of the “directory information” designations. If no objection is received, the district may release this information without prior approval of the parent/guardian or eligible student for the release. Once the student or parent/guardian provides the “opt-out,” it will remain in effect after the student is no longer enrolled in the school district.

The district may elect to provide a single notice regarding both directory information and information disclosed to military recruiters and institutions of higher education.
